ABOUT THE SWISS GOVERNMENT SCHOLARSHIPS

Through the Federal Commission for Scholarships for Foreign Students (FCS), the Swiss Government grants foreign students university scholarships (Swiss universities, Federal Institutes of Technology). These scholarships are offered on the basis of reciprocity (fixed number of scholarships for each country) or within the framework of a pool (scholarships without fixed distribution by country). They are intended for students who have graduated from university (postgraduates). **Special emphasis will be put on research fellowships.** These scholarships will enable applicants to further their education and to undertake research work in the fields in which the Swiss universities are particularly active.

The scholarships are in principle offered to foreign governments. The applications have to be submitted for a preliminary selection to the national institution in charge and/or to the Swiss diplomatic representation in the student's country of origin. The Swiss diplomatic representation will then forward the pre-selected applications to the FCS for final selection.

A Frequently asked questions section (FAQ) is available at the following link: [INTERNET LINK](#)
Please see that section if you have more specific questions.

1. ELIGIBLE COUNTRIES AND RANGE OF SCHOLARSHIPS (1)

1.1 Eligible Countries

o Scholarships for Universities and Federal Institutes of Technology:

University scholarships are granted to candidates from both Group A and Group B (See boards p. 12)

o Scholarships for Universities of Applied Sciences (UAS):

To a limited extent, scholarships are also offered for postgraduate studies at the Universities of Applied Sciences. These scholarships apply only to the following countries:

Albania	Austria	Belarus	Belgium	Bosnia and Herzegovina
Bulgaria	Denmark	Estonia	Finland	Germany
Hungary	Ireland	Kosovo	Latvia	Lithuania
Greece	Macedonia	Moldova	Montenegro	The Netherlands
Portugal	Romania	Serbia	Slovenia	Spain
Sweden	Sweden			

Applicants must have graduated from a university or university of applied sciences with at least a Bachelor Degree and enrol in Switzerland for studies at post-graduate level. This offer is relevant for the seven universities of applied sciences listed on page 14, (excluding teaching colleges).

o Scholarships for fine arts and music academies:

A special contingent of scholarships is dedicated to advanced music and arts students. These scholarships apply only to the following countries:

Australia	Austria	Belgium	Bulgaria	Canada
China	Czech Republic	Denmark	Estonia	Finland
Greece	Germany	Hungary	Ireland	Israel
Italy	Japan	Latvia	Lithuania	Mexico
Poland	Portugal	Romania	Russia	Slovakia
Slovenia	South Korea	Spain	Sweden	The Netherlands
Turkey	United States of America			

Fine Arts scholarship applicants that are in Switzerland since more than 1 year will not be taken into account by the Swiss diplomatic representations.

1. ELIGIBLE COUNTRIES AND RANGE OF SCHOLARSHIPS (2)

1.2 Study location

The Swiss Government Scholarships are granted for studies in one of the Swiss public Universities, Federal Institutes of Technology or University of Applied Sciences. The fine arts and music scholarships are granted for studies in the public music academies, as well as art and design schools.

The scholarship is valid only for full-time studies in Switzerland. It is not valid for on-the-job studies, part-time studies, correspondence courses or mixed programs (part time in Switzerland and part time in another country).

1.3 Duration of the scholarship

The duration of the scholarship is for the nine-month academic year (always from September to June. It is not possible to start the scholarship in the Spring Semester or any other time in the year).

Regulations regarding potential scholarship extensions:

Research Fellowships:

GROUPE A (see Board p.12.):

an extension is not possible (with the exception of Japan and South Korea).

GROUPE B (see Board p.12.):

an extension of **maximum 12 months** is possible.

The scholarships are not automatically extended. Every request will be analyzed according to the FCS criteria.

Master Programs (GROUPE A & B):

It is possible to request an extension. The extension will be decided according to the ECTS credits of the Master program, i.e.:

° 60 ECTS Credits Master	=	9 scholarship months maximum	= >	no extension possible
° 90 ECTS Credits Master	=	17 scholarship months maximum	= >	8 months extension possible
° 120 ECTS Credits Master	=	21 scholarship months maximum	= >	12 months extension possible

Master of Advanced Studies MAS (GROUPE A & B):

Some Master of Advanced Studies programs run on a 12 month basis, even though the program has 60, 75 or 90 ECTS credits. If the MAS runs on a 12 month basis an extension of 3 month maximum is possible.

1. ELIGIBLE COUNTRIES AND RANGE OF SCHOLARSHIPS (3)

1.4 Scholarship amount

The scholarship amounts to a monthly payment of CHF 1.920 Swiss Francs

1.5 Semester tuition fees and Master fees

The Federal Commission for Scholarships does not pay for tuition and/or semester fees. In most cases the universities and the Federal Institute of Technology of Zurich ETHZ do not require scholarship holders to pay the semester fees (generally around 600 CHF per semester). In some cases the universities do not waive the Master fees. Some programs can cost up to 40'000 Swiss Francs. Should the Universities and/or Universities of Applied Sciences and fine arts schools not waive the fees, it is up to the grantee to pay for the fees.

1.6 Insurance

According to the Swiss law, every resident in Switzerland must be covered by a Health Care Insurance (except for dental care). Usually, the scholarship holders are insured by the FCS. Scholarship holders from EU and EFTA countries have special agreements.

1.7 Travel expenses

Grantees from European and East / Central European countries pay for their own travel expenses to Switzerland as well as back to their country of origin.

Grantees from non-European countries pay for their own travel expenses to Switzerland, but the FCS pays an allowance (lump sum) for the return ticket at the end of the scholarship.

However, the return allowance will not be paid if scholarship holders extend their stay in Switzerland beyond six months after completion of their studies, if they take up employment pending the continuation of their studies or if they move to a third country.

2. PRECONDITONS TO APPLY (1)

2.1 Motivation and research interest

Applicants must have a clear study and research goal. They will have to provide with their application:

- o For Research Fellowships: a complete research proposal (approx. 5 pages), including an overview of the research work conducted until now that could be relevant for the granting of a fellowship.
- o For a Master programs: a 2 page personal statement emphasizing the reasons to study in Switzerland, the importance of the choice for your future career as well as your professional projects at the end of your scholarship. .

This document is a central piece of the application package. Please devote all the required attention to it!

Information on the universities, programs, and Professors can be obtained on the Internet sites of the Swiss academic institutions, on the portal Swissuniversity.ch and of the Rectors Conference of the Swiss Universities (See pages. 13 to 14). You will also find in appendix I a list of all the Master programs offered by the Swiss Universities.

2.2 Contacting a Professor or the Master program coordinator

To have an eligible application package, the applicant must contact a Professor in Switzerland who can provide him with guidance on his research project in the case of a research fellowship or the program coordinator in case of a Master degree. A copy of this contact must imperatively be part of the application package. Failure to provide this correspondence will result in the rejection of the application by the relevant institution in the host country or by the Swiss Diplomatic Representation.

2.3 Application and registration to the chosen University

For Master programs, the applicant must, at the same time he applies for the Swiss Government Scholarship, apply for the chosen Master program. The two procedures are separate ones and the applicant must undertake both procedures.

Application deadlines must be respected.

If the university does not accept your direct enrolment in the Master program (complementary ECTS credits requested, preparatory/complementary program) no FCS scholarship will be granted. If such is the case, your scholarship application will not be taken into account. Furthermore, FCS will not pay any costs that you may encounter while processing your application.

2. PRECONDIONS TO APPLY (2)

2.4 Cooperation between the home University and a Swiss University

Candidates submitting their applications within the framework of a cooperation program between their home academic institution and a Swiss University/Institution have a certain priority.

2.5 Multiple Master degrees

Candidates who already hold a Master degree and wish to undertake a second Master degree in one of the Swiss Universities **are not considered as a priority for a Swiss Government Scholarships.**

2.6 Exclusion Criteria

Applications will not be taken into consideration if they are in one of the following situations:

- o The applicant is older than 35 (born prior to 1.1.1976)
- o The applicant has applied for 2 or more Swiss Universities (Ex: ETHZ & EPFL). Applicants must apply for **only 1 University**. **In case of multiple applications, the Swiss Diplomatic Representation will not take the application into consideration.**
- o The applicant is already attending the first year of a Master Program in one of the Swiss Universities. People already embarked in a Master program in one of the Swiss Universities **are not eligible for a Swiss Government Scholarship (except for Fine Arts candidates, see conditions Page 4)**. **The Swiss Diplomatic Representation will not take these applications into consideration.**
- o The applicant must have a sufficient knowledge of the teaching language. The Swiss Diplomatic Representations will organize a preliminary language examination. In case of insufficient proficiency in the teaching language **the Swiss Diplomatic Representation will not take these applications into consideration.**
- o The applicant is required to attend a complementary program or to catch up ECTS credits in order to comply with the University requirements. **If such is the case, the Swiss Diplomatic Representation will not take these applications into consideration.**

3. OBLIGATIONS OF THE SCHOLARSHIP HOLDER

3.1 Scholarships holders must live in Switzerland (study place). They must comply with FCS instructions, regulations concerning the residence for foreigners in Switzerland and with university / art institution regulations.

The FCS does not have the authority to decide on the possibility of bringing the family of the scholarship holder to Switzerland. This is left to the Federal Migration Office, which at present deals with requests very restrictively. As a rule, family members cannot be brought in Switzerland during the first year of study.

3.2 Scholarships of the FCS cannot be coupled with other grants. If a scholarship holder benefits from another scholarship or other financial means (salary), he has to choose between the FCS scholarship and the other source of income.

4. APPLICATION PROCEDURE AND REQUIRED DOCUMENTS (1)

The application package can be obtained from the Ministry or national authority in charge of scholarships in the country of origin of the candidate or from the Swiss Diplomatic Representation. The Swiss representation will gladly supply further information if needed.

Applications for scholarships have to be sent in 3 copies to the national institution / or Swiss Embassy within the deadline, usually by the end of October of the previous year. More information about the precise deadline can be obtained from the national institution or from the Swiss Embassy.

Every application must include the following documents in the given order:

Please do not put the various documents into plastic sheets or binders.

- a) The FCS **2011-2012** official application form (typed and printed). **No handwritten form will be accepted;**
- b) photocopies of certificates from previously attended universities/colleges and diplomas with grades.
for arts students, photocopies of certificates and diplomas with grades of previously attended conservatories, music colleges or arts and crafts schools;
- c) letters of recommendation from 2 professors;
- d) For Research Fellowships: a complete research proposal (approx. 5 pages), including an overview of the research work conducted until now that could be relevant for the granting of a fellowship.
For a Master programs: a 2 page personal statement emphasizing the reasons to study in Switzerland, the importance of the choice for your future career as well as your professional projects at the end of your scholarship;
- e) curriculum vitae;
- f) For Research Fellowships: a copy of the confirmation from a Professor at the intended Swiss University that he/she will supervise the research;
For a Master programs: a copy of the correspondence with the Master director / coordinator.
The applicant does not have to be admitted in the program at this stage of the application procedure;
- g) 1 health certificate (on the FCS form only);
- h) other documents (language certificates, etc.);

4. APPLICATION PROCEDURE AND REQUIRED DOCUMENTS (2)

Applicants for scholarships in the area of graphic and applied arts as well as music (*only for arts fellowships*) have to include the following additional documents:

- i) for painters, graphic artists and sculptors: copies or photos of 3 pieces of their work, rough drafts (with date of creation);
(imperatively put a label with name, surname and country on the work)

- j) or musicians: high-quality CD of 3 different styles of music if the music involves interpreters and directors. Composers have to submit their scores;
(imperatively put a label with name, surname and country on the CD)

If the above list of application documents (a-j) is not submitted in German, French, Italian or English, then an authenticated translation in one of these languages must be included.

The FCS will inform you around May whether your application has been successful or not.

Incomplete or badly prepared applications, will not be taken into consideration !

5. SCHOLARSHIP OFFER ACCORDING TO COUNTRY GROUPS

GROUP A

Albania	Australia	Austria	Belarus
Belgium	Bosnia and Herzegovina	Bulgaria	Canada
Croatia	Czech Republic	Danemark	Estonia
Finlande	Germany	Greece	Hungary
Irlande	Israël	Italy	Japon
Kosovo	Latvia	Lithuania	Macedonia
Moldova	Montenegro	Poland	Portugal
Romania	Russia	Serbia	Slovakia
Slovenia	South Korea	Spain	Sweden
The Netherlands	Turkey	Ukraine	United States of America

GROUP B

Algeria	Argentina	Bangladesh	Bolivia
Brazil	Cameroon	Chile	China
Colombia	Costa Rica	Cuba	Ecuador
Egypt	India	Indonesia	Ivory Coast
Kazakhstan	Kenya	Kirghizistan	Lebanon
Madagascar	Mexico	Mongolia	Morocco
Pérou	Senegal	Singapore	South Africa
Sri Lanka	Tadjikistan	Tanzanie	Thailand
Tunisia	Uruguay	Uzbekistan	Vietnam

APPENDIX I

LIST OF THE MASTER PROGRAMS OFFERED BY THE SWISS UNIVERSITIES AND SWISS INSTITUTES OF TECHNOLOGY

When choosing a program, please carefully look at the teaching language (Main Language and Language 2). You have to be proficient in the teaching language in order to be eligible for a Swiss Government Scholarship.

f = French d = German e = English i = Italian andere = Other language

We have also mentioned the ECTS credits for each Master.

The extension of the scholarship will depend on the number of ECTS credits of the Master Program (See Application guidelines, p. 5).
