

We are happy to introduce you to Turing College.

Turing College is giving away 2 FREE scholarships to students at Riga Technical University!

[Apply here](#) for a chance to get it.

What is Turing College?

Turing College is an online coding school with a talent marketplace. It provides **2-12 month long** courses in subjects such as **data analysis, data analytics, web development, or Web3.**

What is great about Turing College is that it provides a lot of practical projects on the chosen courses. You don't have to worry about making it in time to classes as there are **no lectures**, all content is **pre-recorded** and **adapted** in a way that students are able to learn at their own pace.

Turing College isn't just an online Bootcamp. On top of the courses and training, you will join a like-minded community, get a **personal improvement plan**, and **access exclusive career opportunities.**

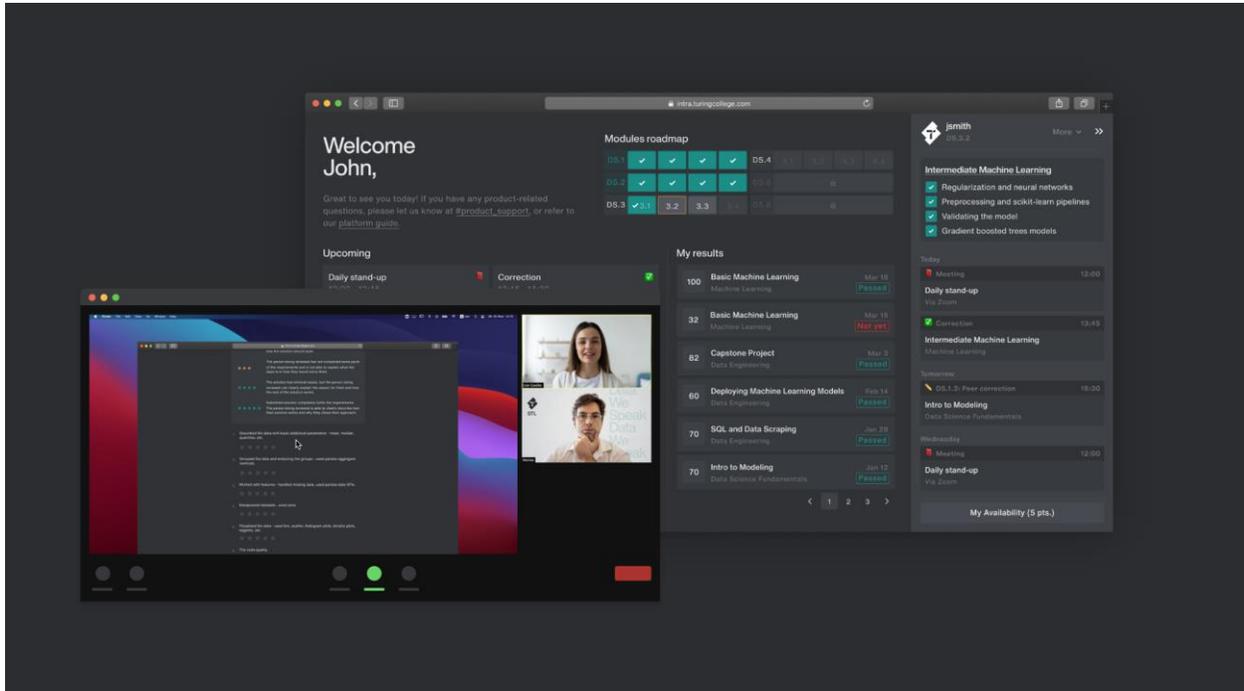

Learning with Turing College:

- 100% online and accessible 24/7
- Created with tech companies and tech leads
- Has an apprenticeship-based learning model - you'll learn the way you're going to work.
- Get 1-on-1 mentorship to make sure that your learning experience and productivity reach 100%.

Why is it important?

- **5x** Professionals that participate in a mentorship program are five times more likely to be promoted and get a pay raise than those who don't.

- **76%** of professionals think mentors are important but only 37% have one.
- **98%** of students, who receive a 1on1 mentorship and practice mastery of learning, perform better than 98% of the students in the control class.

Find your dream job in Tech

A career upgrade program is also provided to all students who are done with technical skills and are ready to hop on that **tech career**. Turing College's career program prepares students for the next chapter and provides **exclusive opportunities**.

Career upgrade includes:

- **1-on1** meeting with a career coach during the course.
- Coaching sessions where all students get **feedback** and can **network** with our community.
- A chance to work with **in-house hiring managers** to build and refine your resume, portfolio, and social media profiles.
- If you are switching companies, Turing College provides **mock interviews** that will prepare you for both **behavioral** and **technical interviews**.
- Access to Turing College insights about **hiring trends, salaries, etc.**
